Industrial Visit Report

Site visited – Havells, Baddi (H.P.)

Date of visit – April 18, 2019

No. of students enrolled – 35

Havells India Limited is an Indian electrical equipment company. Shoolini University organized an industrial visit for the BBA batch to Havells, Baddi (H.P.) on the 18th of April, 2019. Around 35 students visited the site under the supervision of two faculty members.

The journey started from Shoolini campus. The students were taken to Baddi on university bus. Snacks and drinks were given to the students in the bus itself. The students enjoyed the travel, they were dancing and singing, it was really fun for them.

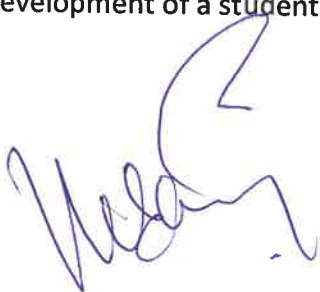

Once students reached the company, they were taken inside by the coordinators at Havells. The employees working at Havells organised a discussion session for the students. The discussion helped students to gather knowledge about the working conditions, environment, processes, marketing and much more. Students were also taken to the main production area where they were introduced to the procedures through which switches and MCBs are manufactured.

In the production area, students saw how switches were being manufactured. Students observed the Havells workforce working flawlessly in a safe and efficient work environment. Different processes were introduced to the students. World class technology and automation

was used. The processes of manufacturing at Havells is sustainable and energy saving. The students were guided by the coordinators in the best way through the whole tour of the area.

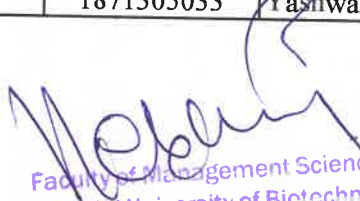

The industrial visit to Havells, Baddi, was really informative and enlightening for the students. Everyone enjoyed and the feedback received from the students about this industrial visit was great. Students learnt a lot about the manufacturing area and working ethics of working in firms like Havells. The university aims to organise such visits in future as it really helps in the overall development of a student.
