Dear Grant Applicant,

Thank you again for applying for grant funding from the Goldschmidt2022 conference.

I am pleased to be able to confirm that the Geochemical Society has agreed to award you waived abstract submission fees, waived registration fees and \$2500 (USD) to support your in-person attendance costs. You will be responsible for any other costs of attending the conference.

You will be able to register for the conference in the normal way but should use the code: **GRNTG22**

You will need to enter the code in the second registration tab after entering your name or email address. You can go back to this step if you have already started your registration.

This will give you a waived in person registration. Your abstract fees have already been marked as paid.

The additional funds will be paid to you at the conference. If not having these in advance would cause significant hardship please reply to this message with an explanation.

If even with this funding you are now unable to participate in the conference as planned please let us know immediately so we can distribute this funding to other applicants.

Congratulations on your grant, we very much hope to see you at the conference.
