# Impact Rankings 2023: clean water and sanitation

The Times Higher Education Impact Rankings are the only global performance tables that assess universities against the United Nations' Sustainable Development Goals (SDGs). We use carefully calibrated indicators to provide comprehensive and balanced comparison across four broad areas: research, stewardship, outreach and teaching.

This table on SDG 6 – clean water and sanitation measures universities' research related to water, their water usage and their commitment to ensuring good water management in the wider community.
