## World Bicycle Day

On June 4th, 2023, Shoolini University celebrated World Bicycle Day with great enthusiasm, promoting the use of bicycles as an eco-friendly and healthy mode of transportation. The event attracted 20 enthusiastic riders, including students, faculty members, and cycling enthusiasts from the local community, who embarked on a cycling journey from Shoolini University to Kumarhatti and back to the university campus. Cycling is an eco-friendly mode of transportation that reduces carbon emissions and promotes a sustainable lifestyle. The event underscored the importance of reducing our carbon footprint. In addition to its environmental benefits, cycling is an excellent way to maintain physical fitness and overall well-being. The event encouraged participants to adopt a healthier lifestyle by incorporating cycling into their daily routines.
