About the meeting:

SVM club completed its induction program on 30 September 2021 at Cinplex. From faculty we had Poonam Nanda Mam. It was an interactive session with the new members and old members. We had an interactive game session to make them comfortable. We showed them presentation and introduced them with the new format of the meeting. From now on SVM club will be having two formats of the meeting (formal and informal). Students were filled with enthusiasm to attend the induction and we're very excited to attend further meeting .
