Workshop with Mr. Siddharth Basrur

On November 23, 2022, Mr. Siddharth Basrur, Indian vocalist, composer and playback singer visited Shoolini University to spend a few days interacting with the students and music enthusiasts. Raag-Rang had then organised a workshop for the students to get up close and personal with the eminent singer. Over the span of an hour, Mr. Basrur spoke of his journey, how he got into music, his struggles and so on. He also touched upon the topic of substance abuse and how he got out of it. The students and attending faculty were very invested and were constantly asking questions and interacting, making full use of the wonderful opportunity. Mr. Basrur then proceeded to perform two of his original songs, both of which he had written for his wife, Mrs. Renuka. Some members of the club then proceeded to perform for Mr. Basrur as well. It was a very fruitful session full of shared knowledge, experiences, and music. We are eternally grateful to Siddharth Basrur sir for having shared his journey with us and graced us with his presence.
