Welcoming Raag-Rang's Newest Members

On September 26, 2022, a few days after the first offline club mela of Shoolini University after the lockdown, the Raag Rang team welcomed the newest members of Shoolini's very own music club. The newly established club committee met with the existing members first to come up with ideas to make joining the club a wonderful decision for the students who had newly arrived on campus. Raag Rang is one of the oldest and most active club at Shoolini. In order to live up to that name, a club plan was made and initiated. The interaction began with an introduction of the club and its newly established committee. After this, the new recruits all introduced themselves and spoke about their experiences as an artist and their love for music. After a briefing about the club rules, the students were then introduced to various existing members who had volunteered to take up a mentorship role to help them and guide them in terms of music. Students were then allowed to select their mentors based on their interests in music. After the briefing, the newest members all gave a demonstration of their skills in various aspects of music. The club really appreciates the varied talent bestowed upon it in the form of formidable singers, rappers, music producers, and instrumentalists. Raag Rang proudly accepts the newest members of its little family.

Total number of participants: - 34
