Induction for Undergraduate Students- Day 2

Day 2 of the induction programme started with a 45-minute session of yoga and meditation conducted by the faculty of yoga. After that students were back in the auditorium with sessions on coaching and on placement and student success. The students were also given a flavour of the community outreach work.

The second half of the day had the students back in their departments and we're introduced to their faculty. The grand finale of the event was the Club Mela where the various clubs showcased their stalls and talent. The students said that they thoroughly enjoyed the two days of their induction.

Total number of students participated: -800
