Library Visit for School Students

The YKC has recently been opened to the community and students at the schools nearby. Faculty and staff have been visiting the schools nearby to showcase the facilities and encourage the students to visit YKC.

On July 20, 2022, almost 250 students from GSSS Oachghat accompanied by their faculty visited the library. They were taken around the facilities and shown the vast expanse of books available for them. The students showed a lot of enthusiasm and said that they would be delighted to visit the library frequently. Refreshments were served at the end of the event.

Number of students participated: - 250
