

April 15, 2023**Visit to Manav Mandir**

On April 15, 2023, 22 volunteers from Shoolini University went to Manav Mandir with the sole aim of bringing smiles on the faces of people going through muscular dystrophy and their care givers. The evening started with an introduction to Shoolini University and the reason of the students being there. The volunteers sang, danced, and played games. Age was no bar as senior citizens also joined the activities. The young children loved the tattoos that were painted on their hands. The evening ended with Mr Vipul Goyal thanking the volunteers for a wonderful evening that entertained the inmates and brought a smile on everyone's face.

Total number of participants: - 22**Volunteer Ayush and his dance partner during a folk performance**
