### A talk on Disaster management

On November 11, 2019, a session of talk and drill on disaster management was conducted. In this session, a huge student engagement was seen, and students learned about minimizing the losses during disastrous times. They (students) volunteered in the drill & learned about how to protect themselves & others during natural calamities. A total of 40 teachers & 220 students participated in this activity.

**Total number of participants: - 260**

**A drill for disaster management being conducted by Abhishek Taneja**
