### **Support to Mahadevi Library**

Shoolini University has been in collaboration with Mahadevi Library for many years now. This is an initiative which is started for the education of the underprivileged students of a small village Sherpur of Dehradun. On a regular basis, Shoolini University sends stationery and books that they require. We also send them clothes especially during the harsh winters when many children do not have adequate clothing for themselves. Hence, with this association a lot of underprivileged children have benefited. For this support offered to underprivileged children, Mahadevi Library Founder Vipin Kumar awarded us an appreciation certificate.

**Number of students participated: - 128**

## Appreciation Letter Received from Mahadevi Library
