Week of Giving- Manav Mandir

On October 05, 2018, volunteers from Shoolini University visited the Indian Association of Muscular Dystrophy Centre Manav Mandir Solan. The volunteers from Shoolini University have been volunteering at Manav Mandir for long time now. They try to add cheer to the life of muscular dystrophy patients and their family members who come with them for therapies for the muscular dystrophy. On this day, the volunteers took muscular dystrophy patients with them to Shimla for outing with purpose. Muscular dystrophy patients and their guardians expressed their gratitude and appreciated how they felt the sense of inclusion through this activity in contrary to how they generally feel left out in the social gatherings in the society. Following this, a cultural evening comprising of cultural activities was also organized. In this, a total of 20 volunteers participants participated.

Number of students participated: - 20
