Blood Donation camp with IGMC

Shoolini University is aware of the shortfall of blood which often hampers treatment in and around Solan. Hence regular blood donation camps have been started in collaboration with IGMC Shimla and the Regional Hospital Solan. This time also, a blood donation camp was held where around a total of 200 students and faculty donated blood. The camp was set up at Milkha Singh Stadium of Shoolini University and the entire infrastructure was provided by the University and the doctors and the team came from IGMC Shimla. The students participated with a lot of energy and enthusiasm, and it was one of the most successful blood donation camps organized. The refreshments and snacks were served to all the blood donors after their blood donation.

Number of participants: - 200
