Collection of Old Clothes from Hostel

Every year when students vacate the hostels, a lot of material including blankets, cloths, shoes, bags, boxes etc. are just thrown as junk and not used anywhere. Hence, we decided that we would announce to the students that they could donate all the materials that they did not need any longer instead of just throwing it away. Several boxes full of quilts, blankets, clothes, warm clothes, jackets etc. were collected. These were sorted, cleaned, washed and ironed and then sent to NGO Goonj in Delhi who were extremely thankful for receiving this material from Shoolini University.

Number of students participated: - 50
