

October 18, 2022**Goonj Bags Distribution among Housekeeping Staff**

NSS Unit of Shoolini University did a beautiful gesture of distributing Goonj ka Jhola among the housekeeping staff of Shoolini University. Goonj ka Jhola is made of old used clothes and is a sustainable alternative to Plastic bags for carrying groceries etc. The event was also held to thank the housekeeping staff that works behind the scenes and are not visible when events and functions take place. NSS Coordinator Shubh Rana and volunteer Ayush Bahuguna thanked the housekeeping women for their efforts and told them about the sustainable means of living which organizations like Goonj motivates us to do. Goonj bags were distributed among all the women and all of them were very happy about this. At the end of the event, refreshments were served among all the participants.

Total number of participants: - 58**Volunteer Ayush Bahuguna thanking the housekeeping staff for their efforts**
