7th June 2013

Mr. Arvind Nanda
Director & Professor
School of Engineering & Technology
Shoolini University

Dear Mr. Nanda,

We are very happy with the performance and results of the first batch of 26 Operating Engineers undergoing 3 year degree course in Automotive Engineering at Shoolini University. It has been possible largely on account of the quality time spent by the faculty with the students and the environment provided by the university. The course curricula having been designed and structured in collaboration with the Automotive Industry will help them to be far more competent and equipped to contribute more effectively when they return to their respective plants.

We are now in the process of selecting the next batch of Operating Engineers for the Automotive Engineering course at Shoolini University and we hope to sponsor our employees this year as well after our selection process.

We are confident that the Anand-Shoolini partnership will develop into a pioneering initiative in promoting Automotive Centre of Excellence.

Best wishes,

Pravesh Srivastava
Group President
Excellence in Manufacturing & Education

Scholarship offered by Anand Group under CSR Initiative

Anand Group is delighted to announce a comprehensive scholarship program for students at Shoolini University, aimed at supporting and nurturing the academic and professional aspirations of young scholars. This initiative is a testament to our dedication to education and community development.

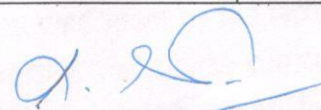

The scholarship program is made possible through the generous contributions of several renowned companies under the Anand Group Umbrella. These companies include:

1. Gabriel India
2. Mahle Anand Filter Systems
3. Spicer India
4. Takata India
5. Mando Automotive India
6. Henkel Anand India
7. Haldex India
8. Valeo Friction Materials India

This scholarship program aims to provide financial assistance to deserving students, enabling them to pursue their academic goals without the burden of financial constraints. By investing in education, we hope to empower students to achieve excellence in their studies and future careers.
