To: Gurjot Kaur(SU808) <gurjotkaur@shooliniuniversity.com>

Dear Dr. Kaur:

Your COVID-19 HPC Consortium request has been approved.

The panel has recommended your request for an award and to be matched with the site you selected, Microsoft Azure. It is recommended for you to contact the site representative, GERALYN MILLER/geramill@microsoft.com so that actions can be taken to acquire the award and accounts for your team.

Site details and information about getting started will be provided to you directly by the site contact. Please work directly with your contact to ensure that you make the most effective use of the systems.

The partners hope these computing resources will accelerate the fight against COVID-19. As part of that effort, the COVID-19 HPC Consortium does require that you provide regular updates on your progress to your site contact.

We are asking each Project Owner, if you have a photograph, emblematic of your research, that we could post on the website(<https://covid19-hpc-consortium.org/>) to accompany the profile of your project, at the time your project is highlighted on the front page.

If you are willing, we would need the following from you:

- 1) 3 to 5 photos, from which we can select the best photo to feature on the website.
- 2) High resolution photos will put your project to best advantage.
- 3) Photos that illustrate the specifics of your research project. They should NOT be photos of a person, or persons, and they should not be stock images.

Thank you for your contributions to the COVID-19 response effort.

Photos can be sent to:

Nancy Campbell
Program Director

IBM Research COVID-19 Technology Task Force
Phone: (206) 354-9062 | Henderson, Nevada (PT)
